

In an effort to replace the AmberView program that was so generously provided to Trinity by the WVHTC, the FBI is willing to come to Trinity and digitally fingerprint and photograph all students in grades K-12 free of charge.

We will be sending this information home to parents. The FBI and Trinity will not be keeping any type of records.

We ask that you **sign and return this consent form by Monday, November 2, 2009**, as they will be here on November 5th and November 6th to do this. Your child will not be able to take part in this program if we do not have your consent.

Please return consent forms to the office Attention: Mrs. Barill. We must have ONE FOR EACH CHILD.

Thank you
