Welcome ~

We invite you to explore the service opportunities that exist at Trinity and see where your God-given gifts and talents might be utilized. From personal experience, we have found that serving at Trinity goes well beyond “getting the job done.” Friendships have been made, new gifts discovered, and the lives of children, staff members, and others have been touched. We hope you’ll become a part of the PSO family!

Parent Service Organization

Mission

To encourage partnership between parents and the TCS staff through service in the classroom and the school community.
